QUARTZ CARE GUIDE

GENERAL EVERYDAY CLEANING:

- FOR FRESH SPILLS - USE DISH SOAP AND MICROFIBER SOFT CLEANING CLOTH.
- FOR STAINS - USE GLASS CLEANER (WINDEX IS OKAY) OR ANOTHER SURFACE CLEANER, ALONG WITH A NONABRASIVE SPONGE.
- FOR HARDENED MATERIALS, GENTLY SCRAPE AWAY HARDENED MATERIAL OFF WITH A PLASTIC PUTTY KNIFE OR LIGHTLY WITH A STAINLESS STEEL METAL BLADE.

MAINTENANCE:

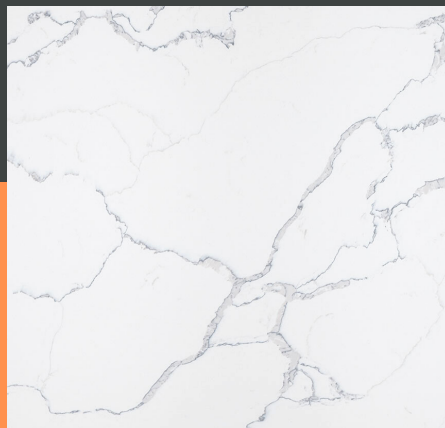

- QUARTZ COUNTERTOPS ARE EASY TO CARE FOR! BECAUSE THE SURFACE IS NON-POROUS, THEY ARE HARD TO STAIN
- USE CUTTING BOARDS, COASTERS, AND TRIVETS TO PROTECT YOUR COUNTERTOPS FROM SCRATCHES, STAINS AND BURNS.
- FOR DEEP CLEANING, THE EXPERTS RECOMMEND AN OVERALL DEEP CLEAN AT REGULAR INTERVALS. SOME DO THIS WEEKLY OTHERS DO IT MONTHLY. SPRAY A GENEROUS AMOUNT OF A NONABRASIVE SURFACE CLEANER OVER YOUR WORKTOP, LET IT SIT FOR 10 MINUTES, AND THEN WIPE AWAY EVERYTHING WITH A MICROFIBER CLOTH.

NEVER USE:

- ABRASIVES AND ACID OR ALKALINE CLEANERS.
- SCOURING PADS (CAN AND WILL DULL THE SURFACE).
- AMMONIA, ACETONE, OR BLEACH
- LEMON OR VINEGAR- IT IS ACIDIC AND YOU CAN RISK DISCOLOURING THE SURFACE

RECOMMENDED CLEANERS:

- METHOD® ALL-PURPOSE NATURALLY DERIVED SURFACE CLEANER
- GREEN WORKS™ NATURAL ALL-PURPOSE SPRAY CLEANER
- LYSOL® PROFESSIONAL DISINFECTANT SPRAY
